Operation Manual

Before using the product, be sure to read the following:

To maintain the safety:

To ensure safe usage of this product, be sure to read the entire manual. The following instructions are intended for users, operators and the personnel in charge of the operation of the product.

Explanations which require special attention are listed below.

WARNING

Disregarding this text could result in serious injury.

Caution

Disregarding this text could result in damage to the machine.

Notice

An advisory text to hint or help understanding.

Operation Manual

1. The company

Thank you for purchasing the Family Fun Companies, Triple Spin. Our company was found in 1993 to develop unique and high quality games for the entertainment industry. Quality, Service and Customers are our primary focus.

INTRODUCTION OF THE MANUAL

This owner's Manual is intended to provide detailed descriptions together with all the necessary information covering the general operation of electronic assemblies, servicing control, spare parts, etc. as regards the product.

This manual is intended for the owner, personnel and managers in charge of operation of the product. Operate the product after carefully reading and sufficiently understanding the instructions. If the product fails to function satisfactorily, non-technical personnel should no circumstances touch the internal system.

DEFINITION OF LOCATION'S MAINTENANCE MAN AND SERVICEMAN

WARNING

Non-technical personnel who do not have technical knowledge and expertise should refrain from performing such work that this manual requires the location's maintenance man or a serviceman to carry out, or work which is not explained in this manual. Failing to comply with this instruction can cause a severe accident such as electric shock.

Ensure that parts replacement, servicing & inspections, and troubleshooting are performed by the locations maintenance man or the serviceman. It is instructed herein that particularly hazardous work should be performed by the serviceman who has technical expertise and knowledge.

Operation Manual

2. Specifications

Specifications

- 1 Rated power supply:** AC110V 50/60Hz
- 2 Power Consumption:** Min power consumption 180W
Max power consumption 580W
- 3 Dimensions:** 660X920X2323(mm)
- 4 Weight:** **About** 125 Kg
- 5 Environment Condition:** Temperature(indoor):-10℃~+40℃
Humidity: ≤90%
Atmospheric pressure:86Pa~106Pa

Note: Game parameters are subject change without notice.

3. Package contents

3.1 Body Assembly: 1 unit

- Make sure that all the parts shown below are included in product package.

- If any parts are missing, contact your distributor.

Operation Manual

3.2 Accessories

NO.	Component	Specification	Q'ty	Illustration

Operation Manual

The connection:

WARNING

Be sure to connect the ground wire before turn on the machine. Failure to connect the ground wire could result in electric shock if power occurs.

Warning:

- ★ Do not put heavy items on power cord.

- ★ Do not touch the power plug with a wet hand.

- ★ Do not draw or twist the cord.

- ★ Do not place the cord near a heat source.

- ★ Run this machine with the correct power configuration.

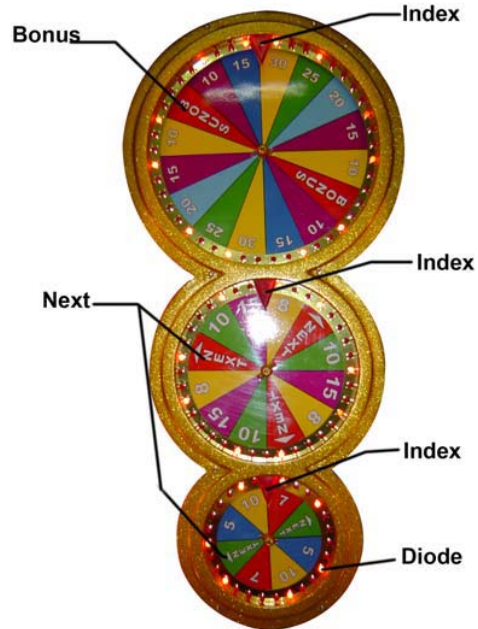

Operation Manual

6. Game description

How to play

Game play begins when the player inserts enough money into the game to create 1 credit. (If the player inserts multiple coins the game will hold the credits)

Stop the bottom two wheels on "Next" and the top wheel on "Bonus" to win the Jackpot.

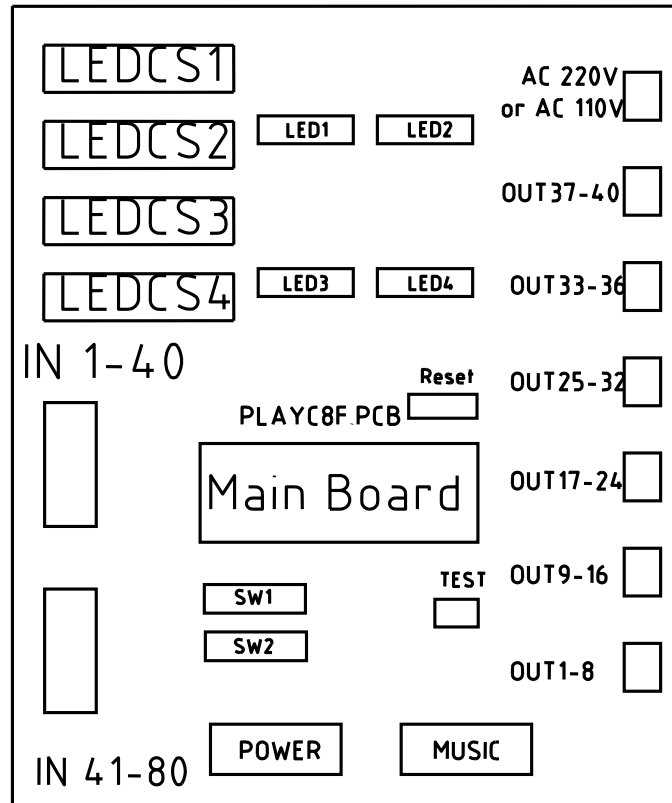

Operation Manual

7. Switches

The DIP BANK SW1, BANK SW2 and BANK SW3 Locations

Game parameters are controlled by three sets of dip switch banks labeled SW1, SW2, SW3. Each bank eight switches where in the BANK SW2 for example refers to bank 2 switch position 2.

Note: Game parameters are subject change without notice.

Operation Manual

8. Adjustment

8.1 BOUNS initial value

Adjust it to set the bonus initial value of this game. There are 8 options for user to select. It controlled by BANK 1 SW1-3.

BOUNS initial value	Option	SW1	SW2	SW3	Note
BANK 1	0	on	on	on	BOUNS initial value is 0
	15	off	on	on	BOUNS initial value is 15
	25	on	off	on	BOUNS initial value is 25
	50	OFF	ON	OFF	BOUNS initial value is 50
	75	on	on	off	BOUNS initial value is 75
	100	off	on	off	BOUNS initial value is 100
	125	on	off	off	BOUNS initial value is 125
	150	off	off	off	BOUNS initial value is 150

8.2 BOUNS Increase:

This is the increment value for the game Bonus. Setting 1 will increment the bonus one for every coin inserted, 0 will turn the increment off.
